

SOLIDWORKS 3D CAD COURSE

Monday 3 October to Thursday 6 October, 2022
Cotie, Petroc, North Devon campus, Barnstaple

This fully funded, four-day, SolidWorks 3D CAD course is recommended to anyone new to SolidWorks. Whether you have migrated from 2D CAD, another 3D system, or have no experience with CAD at all, this course is suitable to you.

Starting from the very basics of the program, the course develops looking at modelling essentials required for day-to-day use of the software.

The funding for this course requires that your business is based in Devon, and has less than 250 employees.

Please scan the QR code or email projects@petroc.ac.uk to express your interest for this event.
